

6I ADIO Firmware v1.01

Alpha and Outback Energy GmbH is pleased to announce the release of our newest firmware version for the Cordex HP 6I ADIO, Version 1.01.

New Features and Improvements:

- Fixed an issue that would cause the ADIO to briefly go “Comms Lost” every 5 days.

Upgrade procedures using the Web Browser:

Cordex HP controller is required to upgrade this 6I ADIO firmware.

1. On the **Modules -> Module Upgrade** page, click the **Upload Firmware Files** button in the **Firmware Files** table, and the **Select File** button from the pop-up. Browse to the file location, and select the appropriate file with the .acan prefix.
2. Click **Upload**.
3. In the **Firmware Upgrade** table, edit the **File** field to select the newly uploaded .acan file. Click **Save**.
4. Click the **Start Firmware Upgrade** button and wait for the upgrade to complete.

You have now successfully upgraded the 6I ADIO. Thank you for choosing Alpha and Outback Energy GmbH.
