

## HV-ADIO Firmware v1.01

Alpha and Outback Energy GmbHs is pleased to announce the release of our newest firmware version for High Voltage ADIO, Version 1.00.

### New Feature and Improvements:

- Fixed a problem that could cause the ADIO to reset every 5 days.

### Upgrade procedures using the Web Browser:

1. Cordex HP controller is required to upgrade this ADIO firmware.
2. Navigate to Modules -> Module Upgrade
3. Press the **Select File** button and choose a valid ADIO acan file for a different version than the one currently installed on the ADIO. The file will be uploaded to the Controller.
4. On the left side of the Module Upgrade page, edit the "File" value to choose the ADIO acan file for upgrade.
5. Click the **Start Firmware Upgrade** button and wait for the "Last Upgrade Status" to read **Success**.

**You have now successfully upgraded the ADIO. Thank you for choosing Alpha and Outback Energy GmbH.**
